

EYEWEAR PRODUCT CATALOG 2022

# STAY FOCUSED

EYEWEAR  
BUILT FOR  
ATHLETES.

# THE COLLECTION

## CONTENTS

### OUR CUSTOMER

### TECHNOLOGY

#### PERFORMANCE EYEWEAR

The highest benchmark for athletic eyewear, designed to meet specific athlete needs during training and competition.

12 Adult Performance Sunglasses

#### VERSATILE EYEWEAR

Eyewear that performs everywhere, from training, to game day, to life beyond the locker room.

26 Adult Versatile Sunglasses

#### OUTDOOR EYEWEAR

Performance designed to go off the field and into the wild.

40 Mens Outdoor Sunglasses

#### YOUTH EYEWEAR

The same performance-first technology used in our adult models, fitted to youth.

44 Youth Performance Sunglasses

#### FOOTBALL VISORS

These visors do more than just protect your eyes. They're also treated with anti-fog and anti-scratch coatings, so your vision stays sharp.

50 Youth/Adult Football Visors

**OUR CUSTOMER**

**WE'RE FOR THE FOCUSED PERFORMER.**

The Focused Performer isn't a demographic; it's a mindset. Our athletes are simply tougher than the rest, hardwired to fight and push themselves to their full potential. Behind every struggle they see victory. But to reach performance, they need focus. Under Armour eyewear is the only brand that gives athletes the clarity of vision they need to reach their peak potential.

## UA TUNED

UA Tuned™ performance lenses are scientifically engineered for ultimate visual precision by sport. Each UA Tuned™ lens filters in the light you need to create a sharper color separation, enhanced visual detail and heightened contrast within varied sport environments

**100% PROTECTION:** Against bright sunlight.

**DEPTH PERCEPTION:** Increase depth perception and deliver the brightest field of vision with maximum image definition.

**SHARP VISION:** The right compromise to see higher contrasts and vibrant colors.

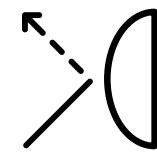

UA PLAYMAKER JR.  
7000/S

**TECHNOLOGY**

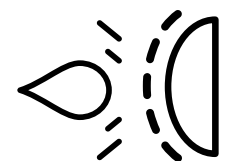

UA PLAYMAKER  
0001/G/S

**Z87+ ANSI RATED**

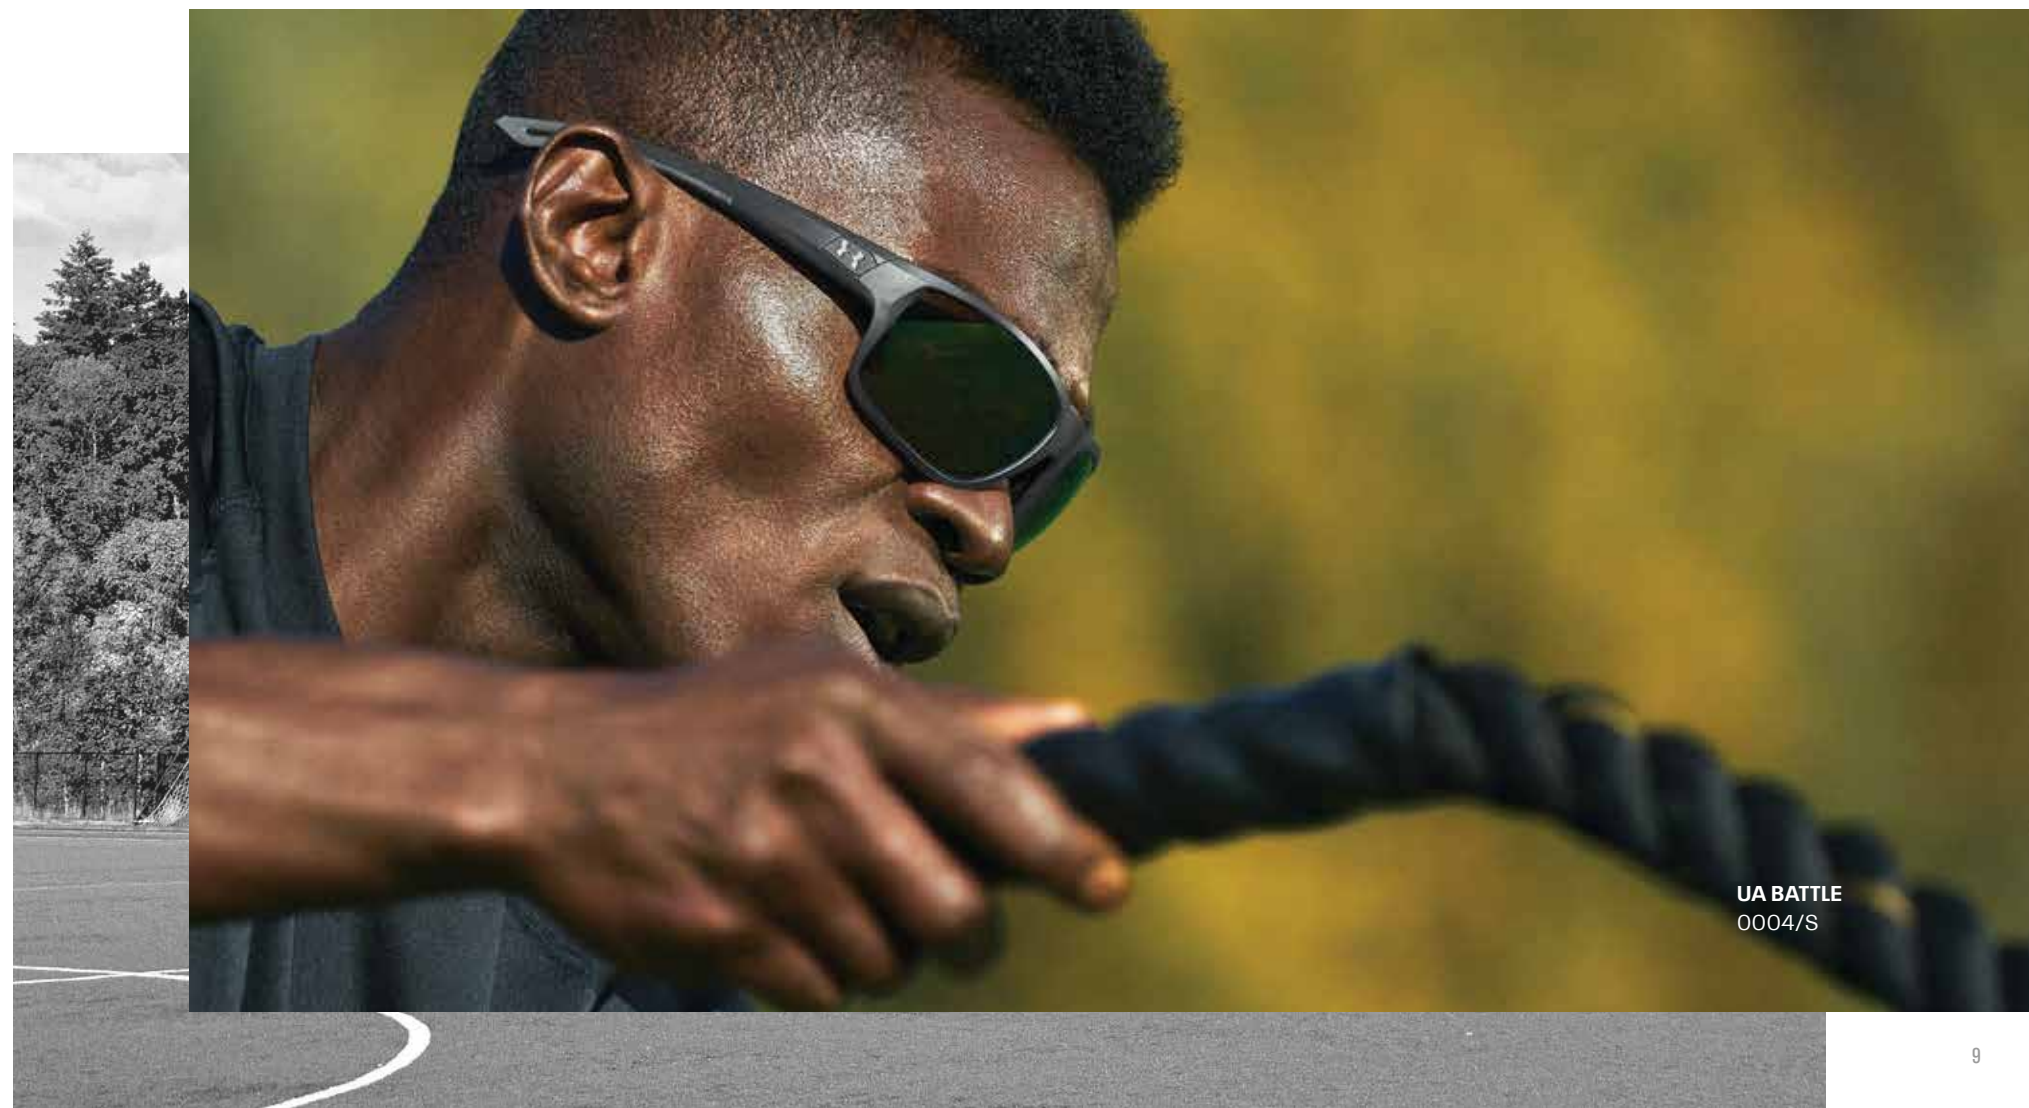

UA Eyewear marked with Z87.1 guarantee high-mass and high-velocity impact protection under the impact safety requirements of ANSI/ISEA WZ87.1-2015. Meets OSHA requirements for all eye protection.

**UA WATER AND SMEAR RESISTANT COATING**

All Performance Sunglass lenses & Tuned™ lenses have Hydro Oleophobic coating applied to front & back of the lenses.

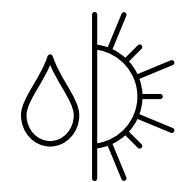

The Hydro Oleophobic coating repels water, dust, oil and dirt from the lenses and stay clean longer offering optimal visual results.

UA BATTLE  
0004/S

UA HUSTLE  
0005/S

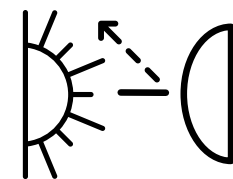

## POLARIZED

Polarization decreases additional glare for clearer vision and reduced eye fatigue

**POLARIZED LENSES:** Contain a filter that polarizes light, blocks reflections, and prevents glare.

**HIGH CONTRAST POLARIZED LENSES:** Filters with a special dye inside the mixture which blocks the areas of overlap between the colors offering greater contrast between the colors and consequently higher definition of the image.

**POLARIZED MIRROR LENSES:** Combine Mirror and Polarized which blocks glare that ordinary lenses cannot, ensuring comfortable vision.

## MIRROR

Multilayer mirrored Lenses combination of mirror coatings offering top quality, performance, durability & scratch resistance.

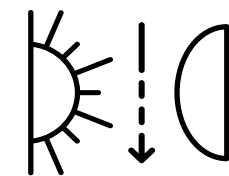

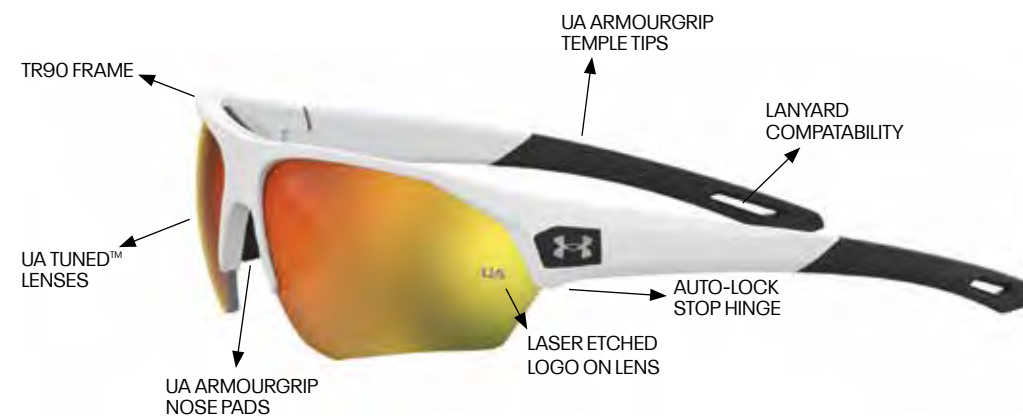

Specific colors, such as the Infrared Mirror additionally absorb harmful infrared waves offering further protection to the eye.

UA EYEWEAR // 2022 COLLECTION

UA PLAYMAKER  
0001/G/S

## FRAME TECHNOLOGY

## PHOTOCHROMATIC LENSES

Automatically adjust to the Sun's UV rays to allow you to both see clearly and give your eyes the protection they need.
